**Natural Colored Silk.**  
Experiments made in France have, it is reported, shown that the yellow and green colors possessed by the silk spun by certain caterpillars are due to coloring matter derived from the food, and passed through the blood of the spinners. By impregnating leaves with artificial colors the experimenters caused some species of caterpillars to produce silk of bright orange-yellow and fine rose hues.

By the aid of the spectroscope the presence and nature of colored pigments in the blood of the little creatures was established.

Owosso—A lawsuit that was on trial for three days, and in which the amount involved was only \$35, came to an end with a verdict of no cause for action. It was that of Carrie Burlingame against William Lott of Bancroft. The case cost the county several times as much in jurors' fees alone as was involved.

Flint—Convicted in circuit court of highway robbery, Edward Gross, alias Lawrence, was sentenced by Judge F. W. Brennan to 25 to 50 years in Marquette prison. Gross was accused with Andrew Gramo and John McCormick of robbing a boy in July. Gramo was convicted a few days ago, but has not yet been sentenced. McCormick is still awaiting trial.

Lansing—Adulteration of food and drugs in Michigan has become rare, according to the officials of the state food and drug department. As a result the department will extend its greatest energies during 1921 to sanitation. Hotels, restaurants, groceries and all other places where food is served or sold are to be inspected with the utmost care, it is announced.

Battle Creek—The Michigan Legislature may be asked to come to the rescue of Battle Creek in its effort to save Camp Custer as a military post. It was said by members of the Chamber of Commerce, who are endeavoring to interest other Michigan cities in the movement, to have the state take over the camp salvage. If the War Department has not completed the clearing of the camp by the time the Legislature meets, it is thought probable that a movement will be made at Lansing to have the state bid on the property.

Pontiac—Unless the county will employ an expert accountant to go over tax rolls, it will be impossible to ascertain who paid over \$6,000 in delinquent taxes remitted to the city by the county treasurer. The matter is at issue in an injunction suit and admission of inability to itemize the statement of taxes due prior to January, 1917, is made in the answer of the treasurer, W. B. Narrin, filed. The city has no way of crediting the money to the properties on which it was paid.

The fire started in the basement of the store of the Foster Furniture & Hardware Co., and spread to the Hall Building, which is almost a total loss. Eleven other occupants suffered losses.

## FELT TIRED AND WORN OUT ALL THE TIME

Was Extremely Nervous—Could Not Sleep at Night—Appetite Had Also Gone.

### SHE TOOK HYPO-COD

"I was working so hard with very little rest I became all rundown, and felt tired and worn out all the time. My nerves were simply gone to pieces, and I didn't want to eat and I couldn't sleep at night, so after hearing so much about Earle's Hypo-Cod I decided to try it.

"I only had to take a couple of bottles before I was feeling good again. That tired feeling left me and I felt better than I had in years, and it fixed my nerves good too; and eat—I couldn't get enough to eat and I rested fine at night, so my husband being in about the same condition as I was, decided he would try it, and now we both think there is nothing like Hypo-Cod for a general tonic and nerve tonic. We can't say enough for it, for we would like everyone needing a genuine tonic and health builder to try Hypo-Cod before anything else, for I know they will save time, and money, for it certainly doesn't take this tonic long to do the work," declared Mrs. Minnie Smith, 554 Second Ave., Detroit, Mich.

It only takes a few days for a good tonic to drive out that tired feeling, to steady the nerves and increase the appetite and make one feel like doing a real day's work, as a rule. Thousands of people have taken Hypo-Cod and say that it is just wonderful the way it quickly does the work and puts you back on your feet feeling fine. It is not a secret patent medicine. The formula appears on each bottle and being made by the nationally known Earle Chemical Co. assures you of quality. Druggists, chemists and experts assert it is the most powerful reconstructive tonic of its kind made. Take home a bottle today, you will be delighted with its pleasant taste and how nicely it does the work.

Earle's Hypo-Cod is sold here by all druggists and the leading druggists in all nearby towns.—Adv.

### Good Rule of Safety.

A good rule of safety is to think of others as you move about. Persons who do this will not stop suddenly in the middle of the sidewalk to pick up a pin or some other trifle. The fellow behind you is likely to walk into you and both may be injured. They will not start across a street without looking first to see if the way is clear.
